Welcome to... IN YOUR VICINITY

Welcome to the NOVEMBER edition of IN YOUR VICINITY.

Dark mornings and nights are well and truly upon us, however the temperatures have been very mild for this time of year, the winter months are just around the corner and there is still lots of colour in the gardens, lawns still need cutting, and trees still have a good amount of leaves. Locally we experienced some windy days but managed to miss the recent hurricane that caused widespread damage over Ireland and Scotland.

As we approach the end of the year many of us start to plan for our holidays for next year, but with the problems created by Monarch and the situation still with Ryan Air it is probably good to be booking with a regulated travel company rather than the chance of DIY and the saving of a few quid, it is likely air fares will rise and the price of holidays will increase even further. From a personal experience it is hard to understand a company as Monarch being allowed to take bookings and money without being covered, the events and loss of the interest of customers wishing to go to Egypt, Turkey and Tunisia affected their core market, they then attempted to take part of the 'cheap flights' to Europe but were not geared up to do it profitably and hence their demise.

The first weekend of the month will see many organised bonfire and firework events, it surely has to be more cost effective and more importantly safer to go and support these events, with all proceeds going to charities. Later this month on Nov 22nd we have the Autumn Budget, the first one since the general election, Chancellor Philip Hammond, I feel needs to deliver immediate changes to help small businesses, changes to help the young achieve getting onto the property ladder, and also provide a pay increase for Nurses & Paramedics, Police and Fire Services. The Economy isn't as strong as I believe the media is stating, uncertainty with Brexit isn't helping but it appears businesses are looking to lose people rather than hire people.

We are looking to attract **Pubs; Restaurants; Butchers; Gift Shops; Health and Beauty parlours; Taxi and Mini Bus companies**, in fact anyone who is looking to get themselves noticed for the Festive season.

New businesses are starting up or businesses are now offering new services, if you have a story you wish to tell and promote your venture, then let us know – reaching over 120,000 readers and our publication has been produced monthly for 13 years. Many readers find this very rewarding in finding business and services. **Prices are very competitive and can be from as little as a £1 per day!**

Contact **'IN YOUR VICINITY'- 01933 650588** to get your **BUSINESS** noticed and included in the next edition. With a total distribution of over 30,000 – don't miss out on the fantastic advertising rates currently available; nearly seven years this publication has been in production and helped many businesses with their sales and marketing - **go on - give it a go!**

THRAPSTON GLAZING

THRAPSTON GLAZING LOOKING FORWARD TO SOME CHANGES IN 2018

Thrapston Glazing have been trading since 1985 supplying and installing windows doors and conservatories as well as providing a quality repair service to customers across Northamptonshire and the neighbouring counties, our aim has always been and will continue to be to provide our customers with a quality, reliable and honest service.

Our workforce has remained loyal throughout the last 33 years and some are now approaching retirement, we all wish them well and hope they enjoy a long and happy retirement. With this in mind we have decided to concentrate fully on the repair side of the business rather than new installations, so from 31st March 2018 we will no longer be supplying or fitting replacement windows and doors.

During our 33 years installing windows and doors we have looked after our customers and honoured our guarantees so much so that our reputation for quality and reliability is well known and has expanded to customers who have bought windows and doors from other companies who have either ceased trading or are simply out of warranty. These customers have come to us for help and advice and have taken advantage of our complete repair service for well over 20 years.

Thrapston Glazing will continue to offer a quality repair service for your existing windows and doors installed by any company, we stock and source thousands of spare parts for all makes of windows and doors including glass sealed units, locks, hinges, handles etc..

Please call or email us any time and we will be happy to help and give genuine advice with all your window and door problems.
